I think we delivered the draft template for the statement of basis in November, but don't remember what happened after.

Should we use the draft as a starting point?

Thanks, Lisa.

We'll get started next week and work as much as we can.

Given everyone's vacation schedules and the possibility of a stop work, I suggest we touch base after I return July 11 to see what due date makes sense.

Will that work for you?

Shari Ring

Hi Shari,

Michele left me a voicemail yesterday and would like to request your support in getting started with drafting the statement of basis for Round Mountain. I am not sure if you will receive the statement of work for WA 1-62 next week. I received some edits from Cincinnati and have made those and resubmitted the documents to Cincinnati. Hopefully, these documents will be processed soon and there will not be any stop work.

Please accept this email to begin drafting the Statement of Basis for the Round Mountain aquifer exemption. If there's a stop work for next Friday, July 1, then please do what you can until COB Thursday, June 30.

Bob is the alternate during my absence (I will be out of the office all of next week except a few hours on Thursday, June 30).

Thanks,

Lisa
